Our Competitiveness

Suruchi Group has developed exquisite Infrastructure to support its activities and facilitate growth at various process levels.

- Own Procurement Farms based in M.P., Maharashtra & Telangana (India) which ensures proper quality product.
- Proper Stem Separating System for Stem-less Variety, which ensures minimum breakage or loss of seeds from the fruit.

Our Competitiveness

High Efficiency Equipments to minimize Manual product handling to prevent contamination.

Human Hand contact Can be the main Cause for Microbiological Contamination

Low Temp. Operation initiate to retain Micronutrients Content in the product

Our Competitiveness

- Separate Production lines for Chilly, Turmeric, Coriander Products to avoid the chances of Cross Contamination
- In house Steam Sterilization and ETO
- In house Cold Storage Facility (19000 Sq. Ft.)
- In house Chemical & Microbiological Testing Facilities
- Own Strong and Controlled Supply Chain
