

THE TASTE OF EXCELLENCE

TEA TANG was incorporated in 1979 with the liberalization of the Sri Lankan economy. It was founded by a group of passionate, visionary tea professionals with vast experience in the plantation sector and in exports.

The company is a subsidiary of Singapore based B P de Silva Group which started as an exclusive Jeweler on High Street, Singapore in 1872. The group today has operations and active investments in Jewelry, Luxury watches, Plating, Environment Technology, Restaurants & cafés and Cosmetics. Passive investments include; Property Funds, Medical Technology, Finance & E-Commerce.

Today, the company is driven by tea professionals who infuse entrepreneurial acumen with industry knowledge of over 140 years of collective experience. They operate with a great passion for tea and F&B related operations. Further, the commitment to strong disciplines of compliance and R&D paves the way for development in quality oriented markets with emphasis on niche products.

VISION

Exceed customer expectations by providing customized tea solutions delivered through passionate experts.

MISSION

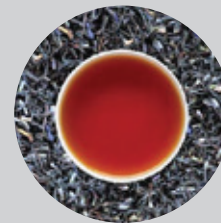

Become a strategic player offering customized tea solutions delivered through operational excellence.

360° TEA OPERATIONAL SOLUTIONS

TEA SOURCING

- Teas sourced from the best tea-growing plantations around Sri Lanka with emphasis on ethical and social compliance.
- Over 2500 cups of teas are tasted on an average per week in the process of evaluation.
- Strong presence at the Colombo Tea Auction (the world's largest) on a weekly basis.
- Strong links in other tea growing countries (and trade partners across the globe) for non-Ceylon origins and herbals.

TEA STORING

- State of the art storage facility.
- Stringent compliance to international health & safety and ISO quality standards.
- Modern racking and handling facilities capable of storing up to 16,000 paper sacks - approximately 700 tons of tea.

RESEARCH & DEVELOPMENT

- Constant product innovation & improvement remains an important part of the company philosophy.
- R & D function is complimented by a fully equipped laboratory and R&D team.
- Ability to deliver herbal and end-user benefit teas & tisanes to customer specifications.

LABORATORY In-house Testing for:

- Moisture • Tannins • Microbiological • Yeast & Mold count • Total Plate count • Sieve analysis

TEA BLENDING & CLEANING

Tea Tang in 2015 commissioned one of the first 'state of the art' tea cleaning and blending plants in South East Asia. This facility uses high-tech automated tea cleaning equipment from Japan and consists of the latest in tea blending machinery.

All teas destined to Japan and RTD beverage companies are cleaned with these special equipment prior to export

TEA BAGGING *Machines:*

IMA C27 | Foil Envelope Tea Bags
Annual Capacity: 72 million bags.

H&S PT | String and Tag Tea Bags
Annual Capacity: 43 million bags.

FUSO | Pyramid TB with auto foil bags wrapper
